

## Mark-n-Cut® Transfer Sheets Testimonials

- William Parrish  
Fremont, CA
- The product worked exactly as advertised and shown on the website video. It is also useful for other household projects.
- Anthony Cusumano -  
Harrington, DE
- “Saves time, no measurements”
- Charles R. Loghry  
Trinidad, TX
- This product more than lives up to my expectations. They are easy to use, work well for making several copies. I was able to use one and set it aside then use it again.
- Jeremy Eirls -  
Pineville, LA
- “I was surprised at the time it saved me and the ease of use. Great Idea”
- Daniel Blackford  
Interlochen, MI
- This is an excellent tool. I used it when I wainscoted my living room. One piece did all my outlets, cable outlets, phone outlets, electrical outlets and light switches. That one sheet that I used save me hours of measuring and guesswork which normally goes wrong and then I have to buy more material. With the Mark-n-Cut it went right the very first time.
- Leif Morgan  
Cynthiana, KY
- I would recommend this product to any of my friends/co-workers. I have never seen a product like this before and this product is a great one and I will be buying a couple more packs to keep in my workshop.
- Dennis Tapp  
Newport News, VA
- The Mark-n-Cut sheets made finishing the walls in my workshop a snap. With all of the outlets and light switches (28 total) what would have been a 4-5 hour job took me just over 2 hours. No measuring or trial and error just a few taps and cut. Clean, accurate holes!
- Frederick Hopper  
Freehold, NJ
- Very easy to use with a professional outcome.
- Roger Buchanan  
Columbus, OH
- WOW! Why didn't someone think of this before? So much easier than measuring and hoping you get it right. So easy a child could use it.
- Mitchell Clemons  
Houston, TX
- As a remodeler, this was one of the best products for marking outlets and switches and lights. One packet lasted throughout a 1,500 sq. ft. house. No more guessing.
- John K. Hazelton  
Palm Bay, FL
- “This product makes the transfer process easy and quick. great product for the DIY and commercial contractor. Best I have seen in a long time. Easy to use and quality of transfer.
- Tom Theodore -  
Mercer, WI
- “It worked great for me on drywall”
- Evan Cape  
Aston, PA
- I would highly recommend this product. I was able to use it for installing outlets and recessed lighting in a remodeling project I did on my house. I was impressed on the amount of time the Mark-n-Cut saved me on measuring.

Gary Kaye  
Appleton, WI

This product worked exactly as stated, adhered to electrical box edges very well, and as long as adhesive remained clean and transfer material was still available on sheet, the sheet could be used over and over. Some measuring was still necessary as you had to know where to tap on sheet of drywall, plywood, etc. in order to get transfer, but other than that, this product seemed to make a project like drywalling go faster and with better finished results. Not messy when handling transfer sheets on the transfer side.

David Hudson -  
Andover, MN

"I do recommend the product, easy to use"

Harold Maas  
Adams, WI

It has easy application and the ability of using it multiple times makes it economical when drywalling a whole room and the need to make accurate cuts for outlet boxes and switch boxes. No guessing or multi-measuring required, just follow the simple instructions and cut-outs are exact with very little additional trimming required.

Barton Fendelman  
Brooklyn, NY

Mark-n-Cut made life so much easier and faster. My cut outs were so much neater and accurate making the tape job faster.

David Smith  
Belleville, KS

I would recommend this product to anyone who wants a perfect cut in sheetrock, plywood or paneling. It makes it easy to know where to cut by leaving the template on the backside of the material you are using. It takes the guesswork out of hanging drywall.

James Wetzel  
Downingtown, PA

This is just the thing I needed to finish restoring my bass boat. I was able to easily transfer the seat locations from the hull as the previous decking was rotted. Love this product.

Clinton Smart  
Shawnee Msn, KS

This is a very good product. From being a drywall finisher being able to cut outlet boxes and lighting holes in sheetrock is a challenge at times. The closer we can cut the holes the less time the overall job will take.

Donald Lyss -  
Montello, WI

"Very easy to use"

Shirleu Knupp Sr. -  
Phoenixville, PA

*"It works great. My son used your product. He wants more of it - Made the job way easier. Does just what it says it will do."*

Michael Homan -  
Kregeville, PA

"I have installed drywall on my basement walls and I have had trouble cutting out boxes for switched & outlets. If I had this product back then I would not have had to spend so much on drywall when I messed up."

Marty Vanderhoff -  
Elmira, NY

"I like the Mark-n-Cut Sheets (Simple & Quick)"

John E. Burns Sr.-  
Kingsville, MO

"These Sheets makes it error free to install objects in walls."

Steven King - Topeka, KS	"I would recommend this product. Very easy to use and saves a lot of time measuring."
Allen Mansfield - Urbana, IL	"Very easy to use, did what it was designed to do"
Edward F. Davis- Porter, OK	"Easy to use – Instructions were easy to follow – it was different " almost to easy"
Roger Kramer- Bonney Lake, WA	"Where has this been? It works very well! A product to keep on hand saves time & reduces mistakes and I've made many of those in the past. Works like it says it will"
Ed Grekstas - Winfield Park, NJ	"It great for marking the closet flange in bathrooms. Just place Mark-n-Flange on the flange put the sub floor over it, tap it with a hammer then cut out the outline. Perfect shape and location."
James Burrows - Dublin, VA	"I recommend the transfer sheets because it gave me a clear outline to make an opening the right size without having to trim or replace material. I used it on baseboard in an old home transferring directly to the faceside and it worked fast as well as accurate. My friends and family couldn't believe the speed of completion of installing outlets in the living room."
Keith M. Johnson - Meservey, IA	"Mark n Cut is very easy to use and it's so much faster than trying to measure. You know your cut out is going to be accurate and where you need it. No more being off just a little. A friend watched me use this and wanted to know where I got it."
Frank Granillo - Hillsboro, OR	"The product was easy to use and I was able to use it more than one time in multiple places. I used it on the ceiling for installing a ceiling fan, and installing the switch box for the fan. Re-usable, nice bright color for easy visibility."
Robert Albertini - Franklin, MA	"This made the marking of outlets & light fixtures simple and precise. My friends and family were impressed with the ease of use and precision cuts."
Edward Burton - Lexington, NC	"The Mark-n-Cut Transfer Sheets are excellent to use and the instructions are very easy and simple to use them. You also have instructions on each sheet to help the user. I like them."
Keith Naylor - Columbus, IN	"Easy to use and reuse – My family and friends were impressed and found it very easy to use."
Kevin Thompson - Blasdell, NY	"I recently did a drywall job. Mark-n-Cut made it easy to mark the outlet boxes and can lights I had to cut out. Made the job go much quicker. Great ideal."
Gary Padin Woodmere, NY	Saves time, easy to use, good quality. On a scale of 0-10 I give it an 8. Working apartment maintenance it really comes in handy for lights and drain flanges.

Thomas Quickel Loveland, OH	Easy to use on electrical outlets that I had to cut out for drywall and MDF beadboard installation in a bathroom remodel. Speeded up the install of wall material. Easy to use and reuse.
Mike Burnham Carmel, IN	Good, unique tool. Easy to apply and very versatile. The transfer sheets were easy to use and made my drywall project go much faster. Thank you!
Robert Ligon Grayson, GA	Works well on suggested uses and others.
Mitch Babey Dover, PA	Before testing this product I would use some older paint. This product makes it easy and is quick to use. Simple and easy to use.
David Heckler Hartselle, AL	This product is very handy and simple to use. It is very useful in my woodworking shop as well as in household repairs.
James Welch Burlingame, KS	Used it on cabinet panels to install outlets this application was great. Easy to understand and apply.
Craig Lawson Topeka, KS	I was in the middle of converting my unfinished basement when the templates arrived. It was a true blessing as I had many outlets and switch holes to wire in. I saved several days using them. I even went to Home Depot to buy more.
Billy Smith Polk, NE	I think that these sheets are a great idea. I used to use my wife's lipstick to achieve a similar result. She is also happy to see this product.
William Keller Temple, TX	Much handier than other marking options, more accurate than transferring measurements. Fast and accurate layouts.
Adrien Ludwig Dublin, CA	Found the ease of use was great. With each sheet being able to be used several times that is a great feature. The wide range of uses is benefit going from wood to metal back to wood really impressed me. A true time saver.
Craig M. Austin Chassell, MI	Had a tricky cabinet job – lots of custom cuts around obstacles made it really easy.
Antonio Vivas Torres West Peoria, IL	I'm recommending this product, the Mark-n-Cut!" to all DIYers to save time and efforts in installing wall gadgets like electrical receptacles or circular/square floor drains and any shape that fits the 8"x8" transfer sheets.
Henry C. Courten Shirley, NY	I found these sheets were great for putting in an outlet box. But the best use I found was when I did tile work in the bathroom. Cutting around toilet flange was so much easier to mark and cut with these transfer sheets. I just wish they were a bit larger. These sheets make any job easier.
Robert Antonucci Beaumont, CA	This product takes the pain out of installing drywall! Great idea. I'm sure I will find many uses for this stuff.

William Treadway Island Park, NY	I found this product very innovative. Was so easy to use and made your cuts very precise. I would suggest anyone looking for a professional appearance to use this product.
Robert Stonkey Mckeesport, PA	Somebody should have come up with this idea sooner. Very good product.
Joey Sturgeon Anderson, IN	Definitely recommending. Everything comes out clear. All the corners and bump outs on the sides of the electrical boxes.
Robert Wawro Virginia Beach, VA	I would purchase for another project in the future. Used for two projects in the laundry area. Outlet receptacle was great.
Sam Hokanson Orting, WA	When I used the Mark-n-Cut on the wall it made it easier to not make any mistakes or extra cuts. It made my job fast and perfect without error.
Glen Hagan High Springs, FL	I recommend this product for ease of use. You put it on what you're measuring then lay what you want to cut. You only do this one time and cut and the fit is right the first time. No mistakes to fix later because of miss measuring.
Davin Kimber Desert Hot Springs, CA	It is easy to use if you don't do much drywall.
Rick Tracey Red Lion, PA	I would definitely recommend this product, it eliminates user error and costly mistakes.
Eric Graf McDonough, GA	Product is easy to use and is good for beginners and people not good with measuring things.
Louis Knieper Renville, MN	I loved this Mark-n-Cut!! I wish I had gotten it two weeks earlier – it would have saved me from having to patch drywall after I mismarked an electrical outlet. I can't wait to start using it when the weather warms in my outdoor workshop. I am hand cutting decorative picket fence boards. This will cut on time spent marking boards and improve accuracy.
Robert Buchholz Winter Haven, FL	Highly recommend this product. It makes cutting holes very easy - not just electrical plugs, but almost anything that needs a hole cut where a panel goes around it.
Robert Chavez San Antonio, TX	For a do it yourselfer consumer this product is perfect. Takes guess work out of where to put holes.
Tom Skopal Bethlehem, PA	This is a great product in that it not only saves measuring time, but it also helps with insulation since the box openings can be made smaller.
Larry L. Reeves Panama City, FL	A friend was doing some remodeling on his house. I helped him with the floors and sheetrock and we used the transfer sheet you sent me. We both were highly impressed with how easy and how well they work. It cut down on some measure time. Also we used when we tiled around the toilet flange. It marked on the tile to be cut with ease.

Ryan Silbernagel West Fargo, ND	It was nice that there was no measuring involved. Plus for hanging sheetrock on the ceiling you didn't have to think so hard to make sure you cut the hole in the right spot.
Michael Ebenhoeh Mountain Home, ID	Very easy to use and works just as advertised.
Timmy R. Rainey Springerville, AZ	I would recommend this product for the ease of use.
Mark Brandt Gresham, OR	Easy to use and would recommend for remodeling and new construction. Makes marking hole before installation very easy.
John Wimmer Corinth, TX	I happened to receive this product at the same time I had to replace some sheetrock behind my washer and dryer. There are several different cut out sizes needed so the Mark-n-Cut came in handy. The product was simple to use. Peel off backer, stick to area to cut, tap drywall against, cut out around marks that were transferred. The Mark-n-Cut made accurate marks and were easy to see. This is one product I can see using again.
John Moss Costa Mesa, CA	Love the product. Great idea. Very fast easy to use and super product. Thanks.
Israel Phillips Boynton Beach, FL	Made the job very easy and precise. Tried other methods and after trying/testing this product it came out tops. Easy to follow instructions which made the job turn out as stated.
Gerard Lasley Louisville, KY	This product was very easy to use. It made drywalling my bathroom a snap. Was very easy to use even on pipes to mark their location for cut outs.
Vince J. Barr Newark, DE	Easy to use. I own a construction company and would use this product.
Gregory Lowe Chicago, IL	This is a great product. We used it on several job sites while installing drywall and toilets. What took you so long to make this product.
Wayne N. Edes Kennebunk, ME	Ease of use – fills a void for this type product with simplicity!
William F. Klein Sykesville, MD	Saves time, delete the use of measuring that stops mistakes.
Joseph Abrosino Jackson Hts., NY	I think that they are a really good product. I would recommend them for doing a lot of cut outs.
Becky Gkiffin Skokie, IL	I found this product very easy to use. I used it for putting up a new light fixture and it only took one time.
Jim L. Wilkins Antlers, OK	I do remodeling of homes including elect. Wiring, etc. I find this product a real help and time saver. I recommend it to all who do this kind of work, including home repairs.
Robert W. Connally Antioch, CA	I feel that this is a good product, and I would recommend it to all levels of constructions personnel.

Barry Howell  
Logansport, IN

Already seen it being used on a November episode of Ask This Old House.

Susan Cimorelli  
Dana Point, CA

This product is the perfect idea for those hard to get accurate cutouts. Use this product if want perfect results.

Terry Higbee  
Connellsville, PA

I used the product to replace damaged paneling from ice damage over the winter. It made the process simple because the sheets I removed were damaged to the point of not being able to use as a template. So I used the Mark-n-Cut and was easy and accurate.

John Smith  
Marion, IA

I used this on my garage rework. Fantastic! No more guessing on placement of fixtures or outlets. And with the traceability, it's like having a template every time! Even an amateur can get it right in one shot!!

Mike Bosshardt  
Mesa, AZ

I recommend this product. Bright red so you can see outline. Fast, no measure, great detail, sticks well.

David Smith  
Marlinton, WV

This was a easy way to mark and transfer things to sheetrock, OSB, sidings. It was very easy to use and even someone who wasn't very handy could use it with ease.

Charles Holley  
Guntersville, AL

Easy to use.

Adam Manchion  
Independence, MO

Great for all outlet hole applications. It creates a perfect match with no guess work.

James Hornbeck  
Elyria, OH

It was easy to use and located electrical outlet box perfectly.

James Jackson, Sr.  
Newark, NJ

I fiind that this product is excellent. I was putting up paneling and I had to cut for light switches and outlets and it worked very good for me and I will recommend it to my friends.

Roger Rayburn  
LaRue, OH

This is a very good idea. I just finished a big drywall project a couple of months ago and wish I had these sheets then. They make marking electrical outlets so much easier.

David Adamson  
Angleton, TX

I personally enjoyed this marking product. I really liked the fact that you can use a sheet more than once. It really comes in handy on projects that would have taken away precious time and money to calculate, measure and then cut, or whatever your proposes were for using this product. This is a simple but easy product to use.

Joseph McKenna  
Buffalo, NY

This product arrived just in time. I was putting a new wall in my basement to extend my bath. It worked out great installing the electric outlets. Thank you.

Ric Shoemaker  
Brownsville, TN

I would recommend this product to other members. I found if you cut the transfers into strips and place them around a receptacle box the transfer sheets last longer.

E. Mahon Elizabeth, NJ	This product could not of come at a better time. Was able to use for all outlets and switch boxes. Makes working so much easier for cutting holes. Saves time which these days are very valuable.
William Adams Spotsylvania, VA	
Gershon Korntreger Philadelphia, PA	I found that this product makes cut outs for drywalls easier than any other method that I have tried. It cut my time for putting up drywall by ½.
Sydmoth Matthews Jonesboro, GA	It is easy to use. Cuts out measuring. It is reusable.
Bryan Nickels Waukesha, WI	Product acts as another hand when hanging drywall around outlets and plumbing. Saves a lot of time and creates a perfect hole every time.
Christopher Shaffer Kingman, AZ	This product is great. It's like putting your child (or other small person) in the framework with a crayon/marker to trace you cutouts from the inside. Error free measuring. As stated, product is reusable for multiple applications. Between applications I used waxed paper to preserve/protect adhesive. The sheet can be easily resized with common scissors. A true must have product for the handymen new to drywall installation.
Bill Torry Sears, MI	Easy to use. Does not take up much space in tool box. Great size that works with the majority of items that you need to make cut outs for.
Randy Ehlers Burlington, ND	Was easy to use and marked on the backside of panel with a dark color so was easy to see what to cut.
Ida Watson Newfoundland, PA	I love it. It makes cutting it right the first time.
G. Hochstatter Yuma, AZ	This is very easy to use and saves a lot of time and very reliable.
Lynn Hunsinger Eureka, CA	This really makes it easy to get a nice clean cut just where you want it. I was upgrading my electrical outlets. This was perfect.
Ernest Eberle College Sta., TX	More precise than measuring and quick.
Clifford Jameson Kearney, NE	A great product where measurements are critical. It prevents extra cost from ill cut product. Great for subfloors in bathrooms or lights where you have cans.
Pamela Heskett Show Low, AZ	This product arrived as we were tiling the bath floor and I had the opportunity to mark exactly where the toilet flange was located.
Thom Rider Erlanger, KY	"I have used your product for a few outlet boxes and the sheets have performed exactly as described. Great time saver for the handyman. Thanks for a great product."
